

JOSE ANGELO CENTENO

FULL-STACK DEVELOPER

+49 157 3470 8799 · jap1centeno@gmail.com · www.linkedin.com/in/angelo-centeno
53757 Sankt Augustin NRW DE

PROFESSIONAL SUMMARY

Motivated and adaptable Full-Stack Developer specializing in Next.js, React, TypeScript, and Node.js, with hands-on experience in SaaS product development at Codebility. Focused on building modern, scalable web applications with clean, maintainable code and strong attention to user experience.

Trained through the REDI School of Digital Integration and Udemy's Web Development Bootcamp, where I developed and presented a PERN-stack Pinterest clone and collaborated on community projects using Next.js and PostgreSQL. Currently expanding my expertise in cloud-based architectures and full-stack application design.

Driven to create impactful digital solutions, contribute to innovative development teams, and continuously grow through hands-on, real-world projects.

KEY COMPETENCIES

- **Web Development:**
 - Front-end: Proficient in HTML, CSS, JavaScript, TypeScript, React, and Next.js
 - Back-end: Experience with Node.js, Express, Mongo, and PostgreSQL
 - Full-Stack Development: Skilled in designing scalable, maintainable web applications and integrating cloud services, including Firebase, Neon, and Vercel.
 - Development Practices: Familiar with Git/GitHub workflows, Agile, and Scrum methodologies; experienced in team-based, collaborative projects
 - Training & Education: Completed Full-Stack Circle at REDI School of Digital Integration and Udemy Web Development Bootcamp; solid academic foundation with a BSc in Information Technology
- **Professional Experience & Project Management:**
 - Proven ability to manage projects, teams, and deadlines effectively
 - Strong communication, documentation, and problem-solving skills
 - Committed to structured, goal-oriented, and collaborative work practices
- **Soft Skills:**
 - Strong communication and collaboration skills within cross-functional, agile teams
 - Proactive, reliable, and focused on delivering high-quality results
 - Committed to continuous learning, upskilling, and professional growth
 - Analytical and adaptable, able to solve problems in dynamic project environments
